Description
In order to finish the pages for the Usability and Contextual Design portion of the wiki, I need everyone to submit the results of their interviews along with the sketches that were used and created during the interview process. I have shared a Google drive folder for the project with all group members (https://drive.google.com/open?id=0B1HcaTOCnxctOWt0OExhQmFKc3c). Please put your results in a google doc with your name on it, with pictures of all the sketches attached.
