Description

On your project wiki at the [Project Management](#) website:

Complete the [Google Doc Assignment](#) I shared with you. The Project Management (PM) server is a Redmine system, and the wiki uses the Textile markup language. You can find plenty of information on both subjects online. Here are the University of Washington [CSE440](#) project examples, and you can find previous CS371 examples on our PM server.

Due: 10/19/2016

History

#1 - 10/10/2016 04:23 PM - John Quan
- Description updated

#2 - 10/19/2016 12:56 PM - Bryan Burkhardt
- % Done changed from 0 to 100
